

COAST SPORTS
CARRIED AHEAD

Big Universities of the Pacific Coast Will Not Stop Athletics.

To what extent varsity sports will be carried on by the various universities of the Pacific coast, will be determined as far as possible next month when the athletic representatives of the various institutions will be present from the University of California, Leland Stanford, Jr., university of Washington, University of Idaho, and the University of Montana.

From California, Idaho, Washington State college, Oregon Agricultural college, University of Washington and Montana, word has come of their intention of playing out their schedules next season. Like reports are expected from Stanford and Whitman.

The only question of issue is whether sufficient athletes can be mustered for the college calendar. Every institution with membership in the Pacific coast or northwest conference has a less strenuous campaign is likely to be mapped out for all the teams. Every effort will be made to make up an interesting schedule as possible in order to keep alive the interest and enthusiasm.

Under the circumstances it is thought probable that the football program as mapped out for the coming season will be considerably modified. The schedules, as at present made up, were designed for seasons teams which would be able to stand the strain of a regular list of games. With green material, a less strenuous campaign is likely to be mapped out for all the teams. Every effort will be made to make up an interesting schedule as possible in order to keep alive the interest and enthusiasm.

The big majority of men on the teams are under the age limit for participation in the war. The president of the United States has already issued a statement to the effect that, wherever possible, athletics should be continued as a means of physical training so that these youngsters, as they come of age, will have had all the advantages of those who preceded them during peace times.

SMOKY TWIRLER
IS IN TROUBLE

Joe Wood Has Bad Arm, and Is Wondering if it Will Come Around.

"Smoky Joe" Wood famous as a member of the Boston Americans and for whose contract Cleveland is reported to have paid \$15,000, is plainly worried over the soreness in his pitching arm. The trouble in the elbow and shoulder has refused to yield to treatment.

Lee Fohl, manager of the Cleveland team, does not plan to use Wood again until the sweltering days arrive. Warm weather, Fohl believes, will effect a cure for Wood's trouble. "I will pitch any time Fohl says the word," Wood said, "but it would be suicide for me to go against a club until I know my arm can stand the strain. I am a bit discouraged, but can't believe that I am through as a pitcher. Time only will tell, and I must not try to force matters."

Wood said that after he had pitched seven innings against New York recently his arm "went cold" and it was a tremendous effort to work the remainder of the game.

GEORGE BROWN
SEEMS INVINCIBLE

Perhaps a middleweight will arise some day who can knock out George Knocks-out Brown, of Chicago. But if any such comes, the majority of those who saw George Chip, of New castle, essay the feat at Racine will claim Missouri as their home. They will believe that any man capable of turning the trick must have some reformed concrete hidden within his gloves.

JAMES THORPE IS OLDER
THAN HIS FRIENDS THOUGHT
Cincinnati, O., June 23.—Jim Thorpe the famous athlete, the mighty Sac Indian, has been cheating a little on his age. The athlete guides have been putting him down as 27 years old. When the Reds registered for conscription in this city some time ago Thorpe had to admit that he was 31 and nearly 32. Manager Mathewson, Chase and Knott over the 21 year limit.

McININITY STILL GOING.
Joe McIninity left the Boston team in a blaze of glory, winning a ten-inning game by his pitching from Tacoma. Old Joe may not have the qualities that make a successful manager, but as a near-throw pitcher the game has had few who have been his equal.

GOVERNOR TENER
WATCHES UMPIRES
Governor Tener is getting help to Byron and Quigley at any rate. In St. Louis they first greeted this pair with a shower of bottles, flung not only from bleachers but from high brows in the grandstand. Then they started a petition asking the governor to can the pair. The next day Byron and Quigley were removed from St. Louis. The resentment in St. Louis grew when Byron, following Quigley's lead, fired Jack Smith from a game for the second time in three days. General opinion was that Byron in so doing was merely trying to make a "case" for Quigley for his earlier chasing of Smith.
